WHO IS CASPR?

The Canadian Association of Staff Physician Recruiters (CASPR) is a professional organization from across Canada whose members primary role is to recruit physicians for their communities, local hospitals and other healthcare organizations. CASPR membership is exclusive to community and hospital based recruiters – our members are not headhunters or agency recruiters. Membership is open to non-profit Physician Recruiters employed or retained by hospitals, hospital corporations, clinics, health care regions or authorities, public sector, government agencies or communities to recruit and retain physicians for that entity.

CASPR was initially formed as a Regional Chapter of the Association of Staff Physician Recruiters and maintains a liaison relationship with the parent organization.

CASPR offers a means for Canadian Physician Recruiters from coast to coast to share best practices, techniques and tools for physician recruitment and retention.
